FISCAL ANALYSIS

ASSUMPTION

Oversight assumes that the proposal would not have any direct effect on any state or local source of funds. (If the proposal would keep bail bondsmen from issuing bail bonds in second, third and fourth classification counties then there could be fewer persons released on bail. This would cause increased costs to local governments to pay for persons in jail and increased costs to the state to reimburse local governments.)

Advertisement costs for the proposal would be \$4,380 per newspaper column inch for three printings of the text of the proposal, the introduction, title, fiscal note summary, and affidavit. The proposal would be on the ballot for the November 2000 general election.

FISCAL IMPACT - Small Business

Small businesses which are bail bondsmen would be affected by this proposal.

DESCRIPTION

This proposal would forbid bail bondsmen from making a profit from bail, except in first classification counties.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space. This proposal would not affect Total State Revenue.
